August Update

MONTHLY CHANNELS - MESSAGES -
EVENTS

Greetings!

Kryon has been talking about the "recalibration" of just about everything lately, and some of you have asked, "is this the next Kryon book?" Yes it is! So 2013 will be the birth of **Kryon Book**

13, which is the numerology of the 4, or *Mother Earth and structure*.

In the process of all this channelling for the last 8 months, Kryon keeps telling us that *"The old energy will die hard. Do not be overwhelmed by shift, and a few things that will appear to pull you backwards."* So if you are feeling frustrated, overwhelmed, and having some heaviness... welcome to the club! You are not alone, and according to Kryon...

"This is why we call you Light**WORKERS**."

All this talk doesn't help the 3D situation, but at least we are aware of the fact that real battle of light and dark is here. This just means that we should continue to hold on, and center ourselves. What we have trained for through our Akash, has arrived.

So continue to be patient and work the puzzle in love. Compassion is the key, and peace is the goal. Look at everything with the compassionate eyes of the creator, and absolutely know that "You are never alone."

Blessings to you!
LEE CARROLL

Kryon Free Audio

Audios are posted almost
immediately after Lee
returns from his travels.
Sometimes the newest
channels are posted up to
a month before the written
transcription and not all
audios are transcribed.

So keep watching the audio page, now more user

Transcriptions

To help the reader, transcribed channels are
revisited [by Lee and Kryon] to provide even clearer
understanding. Often what happens live has implied
energy within it, which carries a kind of
communication that the printed page does not. Here
is a recently transcribed channel of the audio file you
may have already heard...

JANUARY 2012: PATAGONIA KUNDALINI
CRUISE

"Around the Horn"

Here is a short but
profound channelling
from the Patagonia
Cruise. It was a
channelling that Lee
was not going to do...
until those around him
insisted. It was

unscheduled, and there wasn't a room reserved
for it on the ship. Still, all the attendees met and
this was the result.

What should Lee Carroll do with the great lectures of the past? He changes his program often, so what happens to all that great material? For the first time, we present videos of Lee giving his presentations, the ones many of you have seen in past years... professionally filmed and soon to be made available on-line.

To see the line up of what's coming go to www.kryon.com/lectures where you can watch one minute introductory promos for...

"2012: The Real Story" **FREE LECTURE available now!!!**

"Crossing the Bridge" *Lecture coming soon!*

"The Great Human Bias" *Lecture coming soon!*

"The Akash" *Lecture coming soon!*

The first lecture is **FREE** and available for viewing now. It is based on Lee's popular "[2012: The Real Story](#)", originally presented to worldwide audiences in 2011. **THREE MORE** lectures will be complete in September with two more soon after that.

These videos will not be downloadable, and shouldn't be. They are meant to be sold, so there are issues where we try to keep them from being easily copied. Yes.. there are still Lightworkers who don't understand that all this actually costs something, and the price of viewing goes to pay all that back. (sigh)

The cost will be only \$10-\$15 per lecture. You can play it as many times as you wish, for up to 60 days! Watch your Kryon Family Bulletin, we'll keep you updated as more lectures are released.

Marshmallow Message

From Kryon Book VIII
"Passing the Marker;
Understanding the New
Millennium Energy"

There is an interesting process afloat that many of us are moving into. Tobias, part of the Kryon group refers to this clearing as the "Death Phantom." This is the situation we have set up to terminate life as we know it in the physical. It is based on old information and/or if the body-mind-soul did not have the strength (for any reason) to move into Ascension and the new energy. We have been programmed with trepidation regarding the next

12 years and much like Atlantis, we have been dreading whether to teleport, die or stay, and for many of us teleporting was unavailable at present.

As we move into pure intent to activate and integrate our remaining strands of DNA, our intent is to release the death hormone and activate the youth-ing hormones, "the youth and vitality chromosomes." As this happens it seems the death phantoms also gets "charged." I now know four other people (three are close friends) plus myself who have gone through this experience. Because it can be quite challenging, I would like to share with you pieces of my experience.

Dear Kryon

QUESTION: *"Will we ever see one world government?" (from 1999)*

ANSWER: Dear Ones, there will never be a reason for that. It is not something that is at hand. There is honor in the existence of many cultures. This has been placed on purpose for diversity. These diverse cultures even provide for the karmic interaction of contracts, and they reach tolerance. What we are saying is that there is the awesome potential that eventually all governments on the planet will feature choice for their people. If they do not, then the people will cast them out. And if you doubt what we are saying, then look at what is beginning to happen as people rise up in your current times, tribe by tribe, and throw out those in charge.

In the old energy, a dictator could say, *"If we have enough power, we can control the masses."* This is now changing and is different. The invitation is out for even the oldest governments to recognize that a Human change is taking place. Humanity will choose who governs them, and you are beginning to see this even before the marker. That, dear ones, is the potential of the planet in these next 24 years. Continent after continent and tribe after tribe will determine their own fates, and consistently overthrow the tyrants and distators who do not give choice to their citizens in the matters of

morality, spirituality, and personal worship.

Given in love...
KRYON
