2012 is HERE!

Lee follows up with the latest on the controversial 2012 date with all NEW info!

What's happening on earth?

WHAT IS GOING ON?!

Do changing weather patterns signal something unexpected? Could human evolution be related to earth changes? Is there proof? Why are there so many revolutions everywhere? Is humanity evolving or going down the tubes? What is a 'time fractal, anyway? Does it affect you spiritually?

NEW FORMAT on SUNDAY!

Lee teams up with Dr. Amber Wolf for an interactive workshop that applies spiritual quantum thinking to life in a practical way.

SUNDAY: Lee & Amber!
Practicing Quantum

Lee brings his humor and recent teachings of Kryon to answer this for Lightworkers:

What are the differences between the consciousness of Spirit and Humans? Can they be understood? What exercises can we do to improve our intuitive quantumness? Are life goals really necessary? What are the practicalities of living a quantum life?

Dr. Amber Wolf brings quantum living alive thru interactive exercises, transformational meditations and practical tools for today's challenging world.
